

HANFORD SITE SERVICES

As referenced in Section C.9 of the Request for Proposals (RFP), the listing of the Hanford Site Services that are currently considered "Base" Services (and ARE NOT to be paid for by the RCC Contractor) are provided below for information. The listing of the Hanford Site Services that are currently considered "Variable" Services (and ARE to be paid for by the RCC Contractor) are provided to assist in estimate development.

The definitions for the services and the service providers can be found in the Site Services Manual, Revision 3, dated January, 2002 (SSM) or in the section below for those not found in the SSM (i.e. "Waste Generator Services" and "SAMS"). The current unit cost or allocation method for each Variable Service and the most current usage information available (i.e. FY 2001 costs) are also provided below.

Please note that Base Services and Variable Services are "mandatory" i.e. if these services are required to support the RCC scope of work, they must be provided by the preferred provider identified in the Site Services Manual. It should also be noted that while some service providers are identified as "grandfathered" in the current SSM, that designation will be discontinued when the RCC is put in place.

Base Services

300 Area Backup Power
Access Control Entry System (ACES)
Aviation Oversight
Badging
Centralized Consolidated Recycling Center (CCRC)
City of Richland Water, Sewer and Sanitation
Compressed air distribution 300 Area
Compressed air generation 300 Area
Computerized Accident/Incident Reporting System (CAIRS)
Counter Intelligence
Courier Services
Electrical Utilities
Emergency Preparedness
Environmental Compliance Traceability
Fire Department
Grounds Maintenance
Guaranteed Ride Home
Hanford Employee Welfare Trust Benefits/Human Resources
Hanford Patrol
Hanford Reach Publication
Hanford Environmental Information System, Hanford Geographical Information System and the Waste Information Data System (HEIS/HGIS/WIDS)
Industrial Hygiene Lab
Investment Recovery Operations

Integrated Site Vegetation and Animal Control Project (ISVAC)
 Job Control System
 Land Management
 Laundry Services
 Law Enforcement of Site Roads
 Locksmithing Services
 Mail
 Occupational Medical Services (except physicals)
 Reading Room
 Records Storage
 Respiratory Protection
 Road Services
 Safeguards & Security
 Sanitary Waste Disposal
 Sewer Maintenance Operations and Permits
 Steam
 Sunflower Asset Management System (SAMS) Database Management
 Technical Library
 Terrorism Response
 Traffic Engineering
 Water Compliance
 Water Utilities
 Weather Forecasting
 Workers' Compensation

Variable Services

Unit Cost/Allocation Method

Acceptance Inspection	\$17/hr + mat'l/equip. See footnote ¹
Analytical Sample Analysis	See footnote ²
Biohazard Cleanup	\$91/hr. incl. mat'l & equip.
Calibration Laboratory	See footnote ³
Calibration of Radiological Instruments	See footnote ⁴
Crane and Rigging	44 ⁵
Custodial Services	4F ⁵
Desktop Services	2D ⁵
Dosimetry	See footnote ⁶
Electric Power for the 100/200/300 Areas	\$0.035/kwh
Electric Power for the 700/1100/3000 Areas	\$0.035/kwh
Fabrication Services	\$99/avg. craft rate + mt'l
Fire Systems Maintenance and Testing	See footnote ¹
Fleet Maintenance	5V ⁵
GSA Vehicle Lease	4V ⁵
Hanford Local Area Network Operation, Maintenance and Integration	\$130/mo./user
Heavy Equipment Operations	\$32/hr. + mat'ls. See footnote ¹

Occupancy Pool - Gov't Owned/Leased Facilities	4F ⁵
Occupational Medical Services (physicals only)	\$300/physical
Paging Services	2D ⁵
Radio Services	2D ⁵
Solid Waste Storage & Disposal	54 ⁵
Telecommunication Services	2D ⁵
Tours	\$34/hr.
Ventilation and Balance	\$67/hr
Waste Generator Services	See footnote ⁷
